

WARNING

**YOUR LAWN MAY BE
HAZARDOUS TO YOUR HEALTH**

The Southold Land Use Committee of the
North Fork Environmental Council presents a

Green Voices Event:

Let's Talk Organic Lawn Care Can We Save What's Left?

Wednesday, March 28, 2007

6 pm at Riverhead Free Library

330 Court Street, Riverhead

Did you know that lawn toxic chemicals could endanger your children and
pets, pollute our groundwater and harm our creeks and estuaries?

Join Beth Fetini, Neighborhood Network
Program Director, for a free

Organic Lawn Care Seminar

Learn how you can have a beautiful lawn without the
use of toxic lawn chemicals and protect the health
of your family and the health of our environment!
