Global Warming & Climate Change: What You Can Do

with

**Gordian Raacke, Executive Director
Renewable Energy Long Island (RELI)**

Mr. Raacke will give a presentation on the disastrous effects of Global Warming and Climate Change and why we can't continue with business as usual. This presentation is based on Al Gore's documentary "**An Inconvenient Truth.**" Mr. Raacke has been trained and certified by Al Gore's "**The Climate Project.**" A Q&A and an opportunity to discuss hands on solutions such as energy efficiency and solar and wind power will follow.
